## The lonely Dragon

There is an animal that lives hidden in a cave, and he cannot come out because of its aspect.  
It is a great Dragon!  
Sad in the cold darkness,  
he lives hidden in a cave.

He wants to play with the children  
but he cannot go outside  
If he expels fire  
he scares all the children.  
Terrified, in the darkness and shivering of cold, he is hidden in the cave.

One day, when waking up, he opened his mouth and Atxus! (a sneeze)  
A bubble came out of his mouth, a bubble.  
Atxus! Atxus!.....  
Many bubbles, lots of bubbles appeared.

The Dragon, crazy of happiness,  
could leave the cave  
and the children, Yes! They were happy  
and the children, Yes! With him, Yes!  
they could play.

The bubbles get lost in the sky, Bubbles
